

## **BUSINESS ANALYST - BANKING (m/f)**

**TCI Consult** is a Vienna based boutique consulting company focusing on holistic Corporate Management, Bank Management, Controlling & Reporting and Business Performance Management. We provide consulting services on the subjects of Data Warehousing and Business Intelligence. Our high level of expertise and trust is based on more than 20 years of professional experience in Information Management and a complete independence from technology vendors, which forms the basis for the objective management of technology evaluations.

We support our clients from the first idea, providing feasibility consulting, the conception of roadmaps through to a goal oriented project implementation and care for all aspects of successful communication. Our reference list represents large enterprises from all industries, though we concentrate on Financial Services, Telecom Industry, Energy Supply Companies and the Public Sector.

We are looking for a **Business Analyst (m/f)** to expand our team within a large data related project in the banking sector. The role is considered to be on a senior level within the team and will have to lead, drive and organize alignments with business counterparts.

### **MAIN TASKS AND RESPONSIBILITIES:**

- Performing business analysis (organizational, process oriented and technical)
- Transform business requests into specific requirements
- Define solutions specification
- Conduct IT impact analysis
- Calculate costs and resources
- Documentation of work according to company standards

An ideal candidate brings along at least 5 years working experience in complex projects and environments, preferably in large transformation projects in the banking sector. Data Warehouse and Data Modelling experience are highly appreciated.

If you have profound banking expertise and look for a new challenge in an international environment, your application is welcomed. The position provides full time engagement. University graduates in the field of data related management or information technology will be preferred. Excellent English skills are essential, German language skills are a distinct advantage.

If we have managed to get your attention, we would certainly like to hear from you. Send us your full application including a picture to:
